## **PROFESSIONAL EXPERIENCE**

### **SIU School of Medicine, IL**

**2/15 – Present**

Asst. Prof. of Clinical Pediatrics, Division of Primary Care

### **HSHS Medical Group, Springfield, IL**

**1/11 – 12/14**

#### **Pediatrician**

- Established the Pediatric Primary Care practice for HSHS Medical Group at Prairie Crossing starting July 2011. Grew my individual practice over the years to a number close to 75% of a full practice.
- Incorporated the AAP's bright futures preventive visit guidelines into the practice by customizing the existing Electronic Health Record.
- Helped launch the VFC (Vaccines for Children) at the practice site along with the bright smiles program for the dental health for Illinois All Kids under 3 years of age.
- Educated and trained the staff to help minimize urgent care visits / emergency room visits using telephone triage and offering same day appointments to allay parental anxiety.
- Implemented extended hours at the clinic to help working parents.
- Helped expand the practice in outreach areas by having an additional location at Jacksonville, Illinois
- Trained the staff and established staff protocols for routine preventive services like ages and stages developmental screenings, lead, vision and hearing along with patient education during the annual physicals

- Worked to achieve and exceed in some preventive care quality indicators for Illinois health connect panel by looking at the panel roster and having the staff make calls to the families to make appointments for well child visits
- Passionate about newborns, breast feeding, ADHD, Autism and obesity
- Took up a fair share of challenges involved with a “ start up “ practice.
- Helped complicated cases that required referrals and coordination of care activities and also the families with multitude of social issues including DCFS involvement.
- Provided newborn nursery coverage for the community pediatricians from January 2013 to June 2013

- Independently managed the facility along with a nurse and an administrative assistant which involved supervising patient triage and taking care of patients who often required moderate to high complexity level of decision making.
- Emphasis was on taking care of the patient and clear communication with the community pediatricians and the admitting physicians whenever it was necessary.

PERSONAL TIME :

08/03 -09/ 03

**PURI PEDIATRIC MEDICAL GROUP, FREMONT, CA**

**1/00-07/03**

- I was part of big group practice where I developed my own patient base.
- I was involved in seeing 25-30 patients daily, including sick and well child visits for infants, children and adolescents.
- A large patient population of the practice was from an IPA and hence the motto was prevention, minimizing referrals to the specialists, avoiding unnecessary diagnostics and hospitalizations.
- Newborns constituted a big part in my practice where I was actively involved with the new moms in teaching breast feeding and troubleshooting on various parental concerns in person and over the phone.
- Practiced Travel medicine.
- Participated as a member in hospital's neonatal morbidity and mortality committee.
- Supervised and trained the medical assistants.
