## EMERGENCY PREPAREDNESS AT SIU

Visit the [SIU Coronavirus Pandemic Website](#).

Direct Health-related questions to the Student Health Center, [shcinfor@siu.edu](mailto:shcinfor@siu.edu), or call 618-453-3311.

You can expect it to take at least three minutes before any help will arrive in an emergency. In the event of a major disaster, it could easily be three days before assistance begins arriving from outside our area. While those of us who work in the field of public safety will do our best to help, there is much you can do to help yourself, and increase your chances of survival.

WELCOME TO EARTHQUAKE COUNTRY

SEVERE WEATHER HAPPENS

## HOW DO I GET ALERTS?

If you have an @siu.edu email account, you have been automatically enrolled in the emergency alert system.
